

Adityakumar Galiara

Full-Stack Developer | Angular • React • Node.js • Java | Cloud & Web Solutions

North York, Ontario, Canada

☎ +1 647-860-7198 | ✉ adittyagaliara@gmail.com | 🌐 [LinkedIn](#)

Summary

Full-stack developer with 4+ years of experience in software development, cross-platform development, and API integration. Skilled in Angular, React, Node.js, Java, and Azure with a proven track record in building scalable web and mobile applications, debugging, and code review. Adept at delivering measurable outcomes through microservices architecture, CI/CD automation, and software testing. Experienced in Agile methodologies with strong collaboration, documentation, and problem-solving skills.

Core Skills

- Programming & Frameworks: Angular, React, Node.js, Java (Spring Boot), Python, Express.js
- Cross-Platform Development: Responsive web apps, mobile app integration with ArcGIS IaaS
- Software Engineering: Software testing, debugging, code review, API development
- Databases: Azure SQL Server, MySQL
- Architecture: Microservices architecture, RESTful APIs, scalability design
- Cloud & DevOps: Azure App Services, Azure Functions, API Management, Key Vault, CI/CD pipelines (Azure DevOps, Maven, Node.js, Angular), Git
- Technical Documentation: API documentation, system runbooks, user guides, process standardization
- Agile Practices: Scrum ceremonies, sprint planning, Jira, Confluence
- Tools: IntelliJ, Eclipse, VS Code, SharePoint, Power Automate

Professional Experience

Axella Compusoft Inc – Software Developer

Dec 2021 – Present | Brampton, Ontario

- Developed full-stack applications with Angular, React, Node.js, and Java, improving user adoption rates by 20%.

- Built and optimized REST APIs integrated with Azure SQL, reducing query response times by 25%.
- Designed and deployed Azure cloud infrastructure (App Services, Functions, API Management, Key Vault).
- Implemented CI/CD pipelines with Azure DevOps, reducing deployment time by 30%.
- Conducted software testing and debugging, ensuring 95%+ defect resolution before production release.
- Performed code reviews to maintain quality standards and mentor junior developers.
- Designed applications using microservices architecture, enabling modular scalability.
- Produced technical documentation (API guides, runbooks) to support cross-functional teams.
- Worked in Agile/Scrum teams, ensuring sprint delivery with 90%+ task completion rate.

TD – Website Developer

Jun 2023 – Sep 2023 | Toronto, Ontario

- Built a case management platform with SharePoint and Power Automate, reducing manual processing time by 40%.
- Automated workflows for data processing, improving user satisfaction scores by 15%.
- Implemented software testing and debugging to maintain uptime of 99.5%.
- Created technical documentation for workflows and knowledge transfer across teams.
- Collaborated in cross-platform development by ensuring seamless integration between SharePoint, Power Automate, and existing systems.

Flexel Castors – Web Developer

Jan 2020 – Jun 2021 | Vadodara, India

- Developed and maintained WordPress websites with custom HTML, CSS, JS, and PHP.
- Designed cross-platform workflows using Power Automate, cutting process errors by 35%.
- Integrated AI Builder into workflows for sentiment analysis, improving customer feedback analysis efficiency.
- Contributed to technical documentation and best-practice repositories for workflow templates.

Etech Global Services – Customer Service Specialist

May 2019 – Jan 2020 | Vadodara, India

- Delivered technical support and resolved customer issues with a First Call Resolution (FCR) of 85%.
- Consistently exceeded KPIs with CSAT scores above 90%.
- Documented troubleshooting procedures for knowledge sharing across the team.

Flexel Castors – Management Intern

Apr 2018 – Jun 2018 | Vadodara, India

- Developed a stock management system, reducing manual errors by 50%.
- Assisted purchase and sales management, contributing to streamlined reporting.

Education

Conestoga College – Graduate Certificate, Web Design and Development (2021 – 2022)

Sardar Patel University – Bachelor's in Computer Programming (2016 – 2019)

Certifications

- Microsoft Certified: Azure Fundamentals
- MERN Stack Essential Training
- Ethical Hacking: Introduction

Achievements & Impact Highlights

- Reduced deployment time by 30% and improved system scalability via CI/CD automation at Axella.
- Increased user adoption by 20% through responsive design and performance optimization.
- Improved customer satisfaction by 15% at TD with workflow automation and SharePoint platform redesign.
- Contributed to defect resolution of 95%+ before release through structured testing and debugging.
- Delivered measurable improvements in process efficiency (40% reduction in manual tasks) through automation.
